

# Caring Companions Society

For over 135 years St. Joseph Home has cared for children in need. Today infants, children and adults with profound developmental disabilities receive love, compassion and respect at Saint Joseph Home.

To ensure a lifetime of care will always be available, the Home established the Caring Companions Society to recognize the contributors that have lent a caring and compassionate hand to God's children.

Your gifts today have helped St. Joseph Home provide a loving home and the highest possible quality of life for our residents with severe/profound disabilities. Your planned gift could continue to provide care for these residents and others long into the future, and be a part of your legacy.

The easiest and most common way to make a planned gift is through a bequest in your will. You may become a member of the Caring Companions Society simply by notifying us that you have named St. Joseph Home as a beneficiary in your will or estate plans.
